PRINT & DESIGN

Looking to update your menus? Opening a new establishment?
Don't know where to start?
WE CAN HELP!

Menu Designs is a custom manufacturer. We can create, design, and print your menus and marketing materials all in one place! Having a well designed menu and materials is a crucial part in enhancing your customers experience at your establishment.

PRINT

We can take your images and photos of your establishment and create menu examples with different materials & designs that match.
We offer small and large format printing options on multiple substrates, binding options, and sizes.

BRANDING

What is the best way to communicate your essence to your target audience?
We can develop your company's unique brand identity, voice & message.
Logo, Taglines, Stationary, Uniforms, Signage & More!

WEB DESIGN

We can create, organize, plan, and design a website for your establishment that displays your menus, contact info and whatever else you may want to show.
All of the options use modern technology, have intuitive navigation and are easy to use.

SUPERFLEX SYNTHETIC

Menu Designs is excited for our newest material option for printing menus called SuperFlex Synthetic. At first glance SuperFlex looks like paper but is actually a durable, simulated paper that contains no paper from trees. To the touch the material is smooth, but you are also able to feel the durability of SuperFlex and the high quality of the material. SuperFlex comes in different thickness for different menu uses.

SIZES

Standard Range - 4" x 6" to 11" x 17"

COIL BOUND

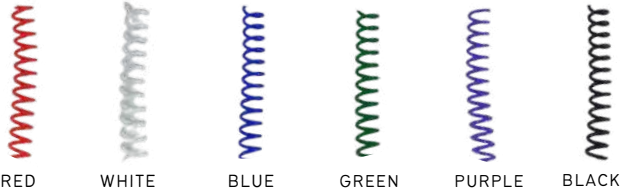

Referred to as coil or spiral bound, this series of menu covers is versatile and easy to clean. Choose from a number of different size and style combinations including printed and laminated inserts, or heavy gauge page protectors.

Great as a Food Menu, Drink Menu or Pool Menu.

LITHO FRONT & BACK

Features include full cover laminated graphics on the front and back cover, with insertable interior pages that allow you to make changes to your menu without having to replace the entire cover.

IPAD CASES IPAD MINI, GEN 2/4 & 7/8

Our iPad's are made with **D30 protection** which provides high impact protection for your digital menus.

D30 absorbs the energy and shock of the impact if you were to drop the iPad. The greater the force of the impact when dropped, the more molecules lock together, creating greater protection.
